**Agricultural Preserve Questionnaire
(January 1, 2022 – December 31, 2022)**

Official documents indicate the parcel described on the mailing above is encumbered by a Land Conservation (or "Williamson Act") Contract. The Assessor is required by law to appraise land that is restricted by a land conservation contract each year on the basis of current economic rent. In order to appraise land by this method, it is necessary for the Assessor to request current data on income, rentals, expenses and production for the particular type of operation involved. Under Revenue & Taxation Code § 441(d), the property owner is **required** to furnish related information to the Assessor that is necessary for an accurate appraisal.

Please answer all questions & return original questionnaire to this office within 21 days of receipt.

When needed, please attach schedules or lists to provide further details. If you have questions, you may e-mail us at Specialprop@smcacre.org, contact our Public Information Desk at **650.599.1227**, or visit us at **555 County Center, 1st Floor, Redwood City**. More information on the Williamson Act and Agricultural Preserve Contract can be found online at: www.conservation.ca.gov/dlrc/wa/Pages/Index.aspx and <https://planning.smcgov.org/williamson-act>

Definitions

Managed Wetland Area – Government Code Section 51201 (l) defines “managed wetland area” as an area, which may be an area diked off from the ocean or any bay, river or stream to which water is occasionally admitted, and which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, was used and maintained as a waterfowl hunting preserve or game refuge or for agricultural purposes.

Open Space Use – Government Code Section 51201 (o) defines “open-space use” under the Williamson Act as the use or maintenance of land in a manner that preserves its natural characteristics, beauty, or openness for the benefit and enjoyment of the public, to provide essential habitat for wildlife, or for the solar evaporation of seawater in the course of salt production for commercial purposes, if the land is within one of the following categories (also defined on this page):

- (1) A **scenic highway corridor**, as defined in subdivision (i).
- (2) A **wildlife habitat area**, as defined in subdivision (j).
- (3) A **saltpond**, as defined in subdivision (k).
- (4) A **managed wetland area**, as defined in subdivision (l).
- (5) A **submerged area**, as defined in subdivision (m).

Prime Soil – Section 51201 (c) (California Land Conservation Act)

(c) "Prime agricultural land" means any of the following:

- (1) All land that qualifies for rating as Class I or Class II in the Natural Resource Conservation Service land use capability classifications.
- (2) Land which qualifies for rating 80 through 100 in the Storie Index Rating.
- (3) Land which supports livestock used for the production of food and fiber and which has an annual carrying capacity equivalent to at least one animal unit per acre as defined by the United States Department of Agriculture.
- (4) Land planted with fruit - or nut-bearing trees, vines, bushes or crops which have a nonbearing period of less than five years and which will normally return during the commercial bearing period on an annual basis from the production of unprocessed agricultural plant production not less than two hundred dollars (\$200) per acre.
- (5) Land which has returned from the production of unprocessed agricultural plant products an annual gross value of not less than two hundred dollars (\$200) per acre for three of the previous five years.

Recreational Use – Government Code 51201 (n) defines “recreation use” under the Williamson Act as the use of land in its agricultural or natural state by the public, with or without charge, for any of the following: Walking, hiking, picnicking, camping, swimming, boating, fishing, hunting, or other outdoor games or sports for which facilities are provided for public participation. Any fee charged for the recreational use of land as defined in this subdivision shall be in a reasonable amount and shall not have the effect of unduly limiting its use by the public.

Saltpond – Government Code Section 51201 (k) defines “saltpond” as an area which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, has been used for the solar evaporation of seawater in the course of salt production for commercial purposes.

Scenic Highway Corridor – Government Code Section 51202 (i) defines “Scenic Highway Corridor” as an area adjacent to, and within view of, the right-of-way of:

- (1) An existing or proposed state scenic highway in the state scenic highway system established by the Legislature pursuant to Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code and which has been officially designated by the Department of Transportation as an official state scenic highway; or
- (2) A county scenic highway established pursuant to Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code, if each of the following conditions have been met:
 - (A) The scenic highway is included in an adopted general plan of the county or city; and
 - (B) The scenic highway corridor is included in an adopted specific plan of the county or city; and
 - (C) Specific proposals for implementing the plan, including regulation of land use, have been approved by the Advisory Committee on a Master Plan for Scenic Highways, and the county or city highway has been officially designated by the Department of Transportation as an official county scenic highway.

Submerged Area – Government Code Section 51201 (m) defines “submerged area” as any land determined by the board or council to be submerged or subject to tidal action and found by the board or council to be of great value to the state as open space.

Wildlife Habitat Area – Government Code Section 51201 (j) defined “wildlife habitat area” as a land or water area designated by a board or council, after consulting with and considering the recommendation of the Department of Fish and Game, as an area of great importance for the protection or enhancement of the wildlife resources of the state.
