Project Title/File Nos. 3 projects involving: 1) replacement of split rail fencing and installation of a new bench at the bluff above Seal Cove, 2) new fencing around a Grey whale exhibit at Fitzgerald Marine Reserve, a County Park, and 3) creation of a new picnic area.

Project Location – Specific: Fitzgerald Marine Reserve, 200 Nevada Street

Project Location – City: Moss Beach

Description of Project: At the bluff over Seal Cove 5 rotted posts and split rail fencing will be replaced and the type and height will match the existing fencing to protect public safety. A new memorial bench will be installed for the public to sit and enjoy the views at Seal Cove Bluff. The Whale display will be located in the main picnic area just behind the visitor center and involves the skeleton of a roughly 40" female gray whale that will have posts installed to mount and circle it with a split rail to provide view but limit access to the display. A total of 20 posts will be placed metal 2" round and buried in concrete at a depth of 2'. There will be total of 22 split rail posts and 44 rails, and the fence will be 3' high. The picnic area will be located between the Grey whale exhibit and the path to the restroom made of a concrete table 184" x 66" x 29" and surrounded like a U with two logs 10' and a 20' log for school groups to sit on.
